*"Riding the Wave of Excellence"*

October 26, 2010

Honorable President and  
Members of the Board of Education  
City of Margate School District  
Atlantic County, New Jersey

Dear Board Members:

The comprehensive annual financial report of the City of Margate School District (District) for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the Management's Discussion and Analysis, basic financial statements and schedules, as well as the auditor's report thereon. The statistical tables include selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Amendments of 1996 and State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

**1) REPORTING ENTITY AND ITS SERVICES:** The City of Margate School District is a component unit of the City of Margate within the criteria set forth in Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards*. All funds and account groups of the District are included in this report. The City of Margate Board of Education and all its schools constitute the District's reporting entity. The School District is a

Type I District and, as such, meets the criteria to be considered a component unit of the City of Margate. However, the City reports on a regulatory basis of accounting which does not recognize component units.

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular as well as special education for handicapped youngsters. The District completed the 2009-2010 fiscal year with an enrollment of 567 students, which is 42 students lower than the previous year's enrollment. The following details the changes in the average daily enrollment of the District over the last five years.

<b>Fiscal</b>	<b>Average Daily</b>	<b>Percent</b>
<b><u>Year</u></b>	<b><u>Enrollment</u></b>	<b><u>Change</u></b>
2009-2010	575	(2.21)%
2008-2009	588	8.75%
2007-2008	541	(5.31)%
2006-2007	571	(2.23)%
2005-2006	584	2.10%

**2) ECONOMIC CONDITION AND OUTLOOK:** Margate City and Longport are New Jersey seashore communities whose children, in grades K through eight, constitute the student population of the Margate City School District. Margate City is located approximately two miles south of Atlantic City, and approximately 50 miles east of Philadelphia. The City of Margate, which measures approximately a mile and three-quarters in length by three quarters of a mile in width, is located on Absecon Island and has a year-round population of about 8,000 middle to upper middle-class residents. More specifically, Margate City is bounded on the northeast by Ventnor City, on the southwest by the Borough of Longport, on the southeast by the Atlantic Ocean, and on the northwest by the center line of the main channel in Beach Thorofare. The major employer in this area is the casino industry.

The City of Margate is governed by a three-person Board of Commissioners, elected at large every four years. They govern a City that is almost entirely residential, whose year-round population of 8,000 swells to approximately 40,000 during the summer months. The year-round residents have established six houses of worship that rather accurately reflect the ethnic/religious composition of the community. Of the six houses of worship, three are Jewish, two are Protestant, and one is Catholic. Residents are also affiliated with approximately 15 civic and service organizations.

The Public School System of Margate City is composed of K-8 grade children, who reside in the City of Margate and the Borough of Longport. As of October 15, 2009, there were a total of 576 pupils. Upon completion of eighth grade, the students attend nearby Atlantic City High School, which currently enrolls approximately 130 Margate pupils in grades 9 through 12. This is a sending-receiving relationship between the school districts in which Margate is responsible for paying student tuition and providing student transportation.

The overall responsibility for the education of the K-8 children lies with the district's board of education composed of seven members, appointed by the mayor for a term of three years. The district's budget is approved annually by a Board of School Estimates which works closely with both City and school officials. For the 2010-11 school year, the District will operate on a budget of \$12,558,869 for current expenses.

The basic responsibility for the operation of the schools lies with the Superintendent of Schools. She was assisted by three directors/building principals, a school business administrator, and a staff of 88 full time personnel during the 2009-2010 school year.

During the 2009-10 school year Margate City District pupils were housed in three separate facilities: the Union Avenue Elementary School built in 1953, the Eugene A. Tighe Middle School constructed in 1956, and the William H. Ross III Intermediate School constructed in 2000. Due to a loss in State Aid of \$932,183, and the need to decrease operating costs, the Union Avenue School was closed as of June 30, 2010. For the 2010-2011 school year, the William H. Ross III site will house the district administrative offices and grades K-4. The Eugene A. Tighe School will house grades 5-8. Each building is serviced by special area teachers for performing arts, health, art, physical education, computer/technology, and a media center. In addition, a Child Study Team is available for children with special needs. The team consists of a school psychologist, social worker, learning disabilities consultant, and speech therapists.

Longport, the only sending district for the Margate City School, is the smallest municipality in Atlantic County, about four-tenths of a square mile. Longport is bounded on the northeast by Margate City, on the southwest by Great Egg Inlet/Ocean City, on the southeast by the Atlantic Ocean, on the northwest by Risley's Channel and the Inlet.

The Margate City Board of Education provides its student population with an extensive range of educational services that include but are not limited to the following:

1. Full day kindergarten program for all children.
2. World language instruction for all children.
3. Computer assisted instruction for all children.
4. Title 1 services for mathematics and reading in grades K-4.
5. Social services that include the DARE program, the Banana Splits program, and REBEL II.
6. Computer assisted research services in the Media Centers.
7. Programs in Language Arts Literacy, Math, and Science for advanced students in grades 3-8
8. A full range of Child Study Team services.
9. Visual and performing arts program for all students

The Margate Board of Education, administration, faculty, and support staff is dedicated to provide each child with a challenging and rewarding educational program that will meet each individual's needs.

**3) MAJOR INITIATIVES:** The district is continuing several major initiatives for the 2010-2011 school year. These initiatives include:

1. Develop a comprehensive 5-year strategic plan
2. Extend instruction in language arts and math
3. Professional development training in Balanced Literacy, STEM, Inclusion and On-Course
4. Partnership training programs with Stevens Institute for Technology
5. Curriculum development efforts

The district has maximized instructional time for students with the implementation of extended learning blocks in literacy and mathematics. Push-in support (inclusion) and co-teaching provide differentiated learning opportunities for all students and ensure academic rigor in all classrooms. The literacy program is supported through a literacy coach trained in balanced literacy at Lesley University. Professional Development for teachers was also provided through in-district workshops and Professional Learning Communities (PLC) meetings.

The district's STEM (Science Technology, Engineering & Mathematics) initiative provides students the opportunity to participate in an inquiry-based, exploratory learning collaborative project. Training and support for STEM is provided by a partnership with Steven's University. The year long projects culminate with a STEM exhibit of students' work. This year the District added a Geospatial Technologies project that integrates technology and our social studies classes through a collaboration with Atlantic-Cape Community College (ACCC).

The district has infused technology into our instructional program with the addition of classroom Smart boards, the implementation of On-Course electronic lesson planning linked to the NJCCC Standards and an improved student information system with electronic grade reporting, web pages and attendance procedures. Technology coaches support electronic documentation, class web pages and technology integration. The media centers are networked with the Margate Public Library, which in turn can network with local colleges and other libraries to allow the students of our district a wide range of options for gathering research data.

For the 2010-2011 school year the district will focus on revising all content area curriculum to meet the revised NJCCC standards.

On the NJ ASK State Assessment tests from grades 3 to 8, Margate had a lower percentage of students scoring in the partially proficient range as compared to the District Factor Group and State average in almost every grade level in both language arts literacy, mathematics, and science. With the extended time in Literacy and Mathematics, we hope to continue raising the bar for our students.

**4) INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide

reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

**5) BUDGETARY CONTROLS:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the board of school estimates of the municipality. Annual appropriated budgets are adopted for the general and special revenue funds. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2010.

**6) ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

**7) DEBT ADMINISTRATION:** At June 30, 2010, the District had no outstanding debt issues. Debt in the amount of \$13,035,000 has been authorized by the City of Margate for the school construction project. As a Type I School District, all school debt is borne by the City rather than the School District.

**8) CASH MANAGEMENT:** The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan that indicates the GUDPA approved depository banks, any brokers/dealers, and the approved investment instruments selected by the Board of Education. GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. School Districts are permitted to invest public funds in bonds or other obligations of the United States, bonds or other obligations of the local unit, government money market mutual funds, New Jersey State Cash Management Fund, and repurchase agreements.

**9) RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

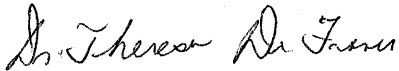

**10) OTHER INFORMATION:**

**Independent Audit** - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Swartz & Co., LLC, CPAs was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Amendments of 1996 and State Treasury Circular Letter 04-04 OMB. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

**11) ACKNOWLEDGMENTS:**

We would like to express our appreciation to the members of the Margate City Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

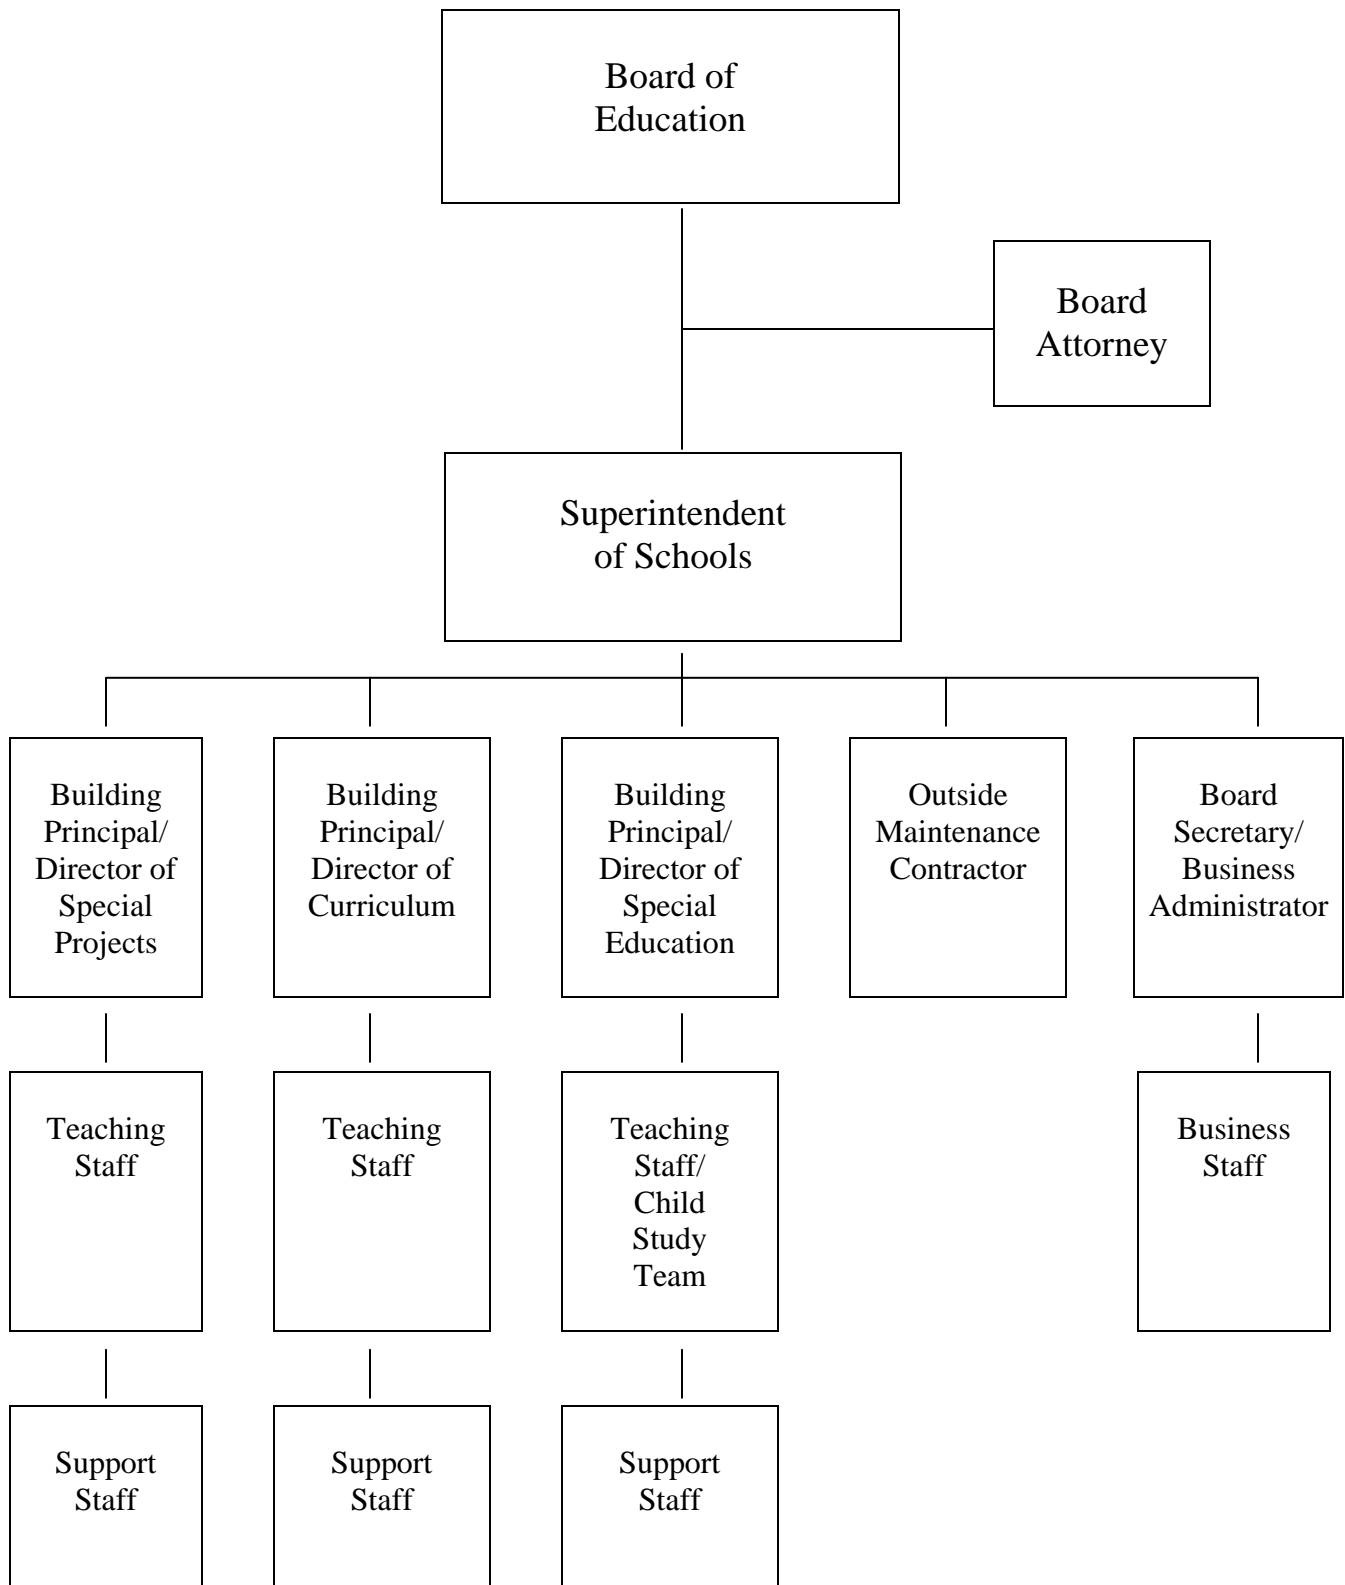

Dr. Theresa DeFranco  
Superintendent

Susan E. Palaia, CPA

Independent Auditor's Report

Honorable President and  
Members of the Board of Education  
City of Margate School District  
County of Atlantic, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the City of Margate School District in the County of Atlantic, State of New Jersey, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Margate Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Margate Board of Education, in the County of Atlantic, State of New Jersey, as of June 30, 2010 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2010 on our consideration of the City of Margate Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information, as listed in the accompanying table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Margate Board of Education's basic financial statements. The introductory section, and other supplementary information such as the combining and individual fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of Federal Awards and State Financial Assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid respectively, and are also not a required part of the basic financial statements. The combining and individual non-major fund financial statements and schedules of federal awards and state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Margate City School District's ("District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2010. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statement.

### FINANCIAL HIGHLIGHTS

- The net assets of the District decreased \$1,054,973 as a result of depreciation taken on the various fixed assets of the district.
- The State of New Jersey reimbursed the District \$373,259 during the fiscal year ended June 30, 2010 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. Also, the State of New Jersey paid \$307,471 on behalf of the District for TPAF Pension Contributions. These amounts, which are not budgeted, are included as both a revenue and appropriation in the financial statements.
- As indicated by New Jersey State Statutes, the unreserved fund balance of the general fund is limited to 2% of the total general fund expenditures. Any excess is required to be designated as Reserved Fund Balance – Excess Surplus and included in the next year's budget as budgeted fund balance. As of June 30, 2010 the District had \$722,148 in excess surplus, of which \$175,056 has been appropriated and included as anticipated revenue in the 2011 fiscal year budget. This is compared to the prior year excess surplus of \$1,393,053, of which \$1,217,997 was budgeted in the 2010 fiscal year. Through the 2010 fiscal year budget process the District established a Maintenance Reserve Fund and an Emergency Reserve Fund in the amount of \$25,000 and \$250,000, respectively. The District has budgeted both of these funds as anticipated revenue in the 2011 fiscal year budget.
- During the fiscal year ended June 30, 2010, the District's revenues were \$861,719 less than total expenditures. During the prior fiscal year, revenue was less than total expenditures by \$170,809.
- After the District's 2009-2010 budget was adopted, the State of New Jersey reduced the District's State Aid to \$686,497. This is a reduction of \$249,255, or 26%. In addition, the District's State Aid has been further reduced by \$682,928, or 73%, for the 2010-2011 fiscal year. The reduction of \$932,183 in State Aid resulted in the District's need to decrease operating costs. The decrease in the operating expenses was the primary reason for the closing of the Union Avenue Elementary School.
- In the District's business-type activities, net assets decreased \$8,127.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management's discussion and analysis* (this section), the basic *financial statements*, *required supplementary information*, and an optional section that presents *combining statements for special revenue, capital projects*,

*proprietary, and fiduciary funds.* The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District’s *overall* financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District’s government, reporting on the District’s operations in *more detail* than the government-wide statements.
  - The *governmental funds* statements tell how *general government* services like instruction were financed in the *short term* as well as what remains for future spending.
  - *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the District operates like businesses, such as the food service and community service programs.
  - *Fiduciary fund* statements provide information about the financial relationships – like the unemployment trust fund – in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. The following table shows how the required parts of this annual report are arranged and relate to one another.

The following table also summarizes the major features of the District’s financial statements, including the portion of the District’s government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

**Major Features of Margate City School District’s  
Government-wide and Fund Financial Statements**

	Government wide Statements	Fund Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District (except fiduciary funds)	The activities of the District that are not proprietary or fiduciary, such as food service and student activities	Activities the District operates similar to private businesses; food service, Summer Center Stage/Recreation, Performing Arts and Latchkey	Instances in which the District is the trustee or agent for someone else’s resources, such as payroll agency and student activities.

Required financial statements	Statement of net assets	Balance sheet  Statement of revenues, expenditures, and changes in fund balances	Statement of net assets  Statement of revenues, expenses, and changes in net assets  Statement of cash flows	Statement of fiduciary net assets  Statement of changes in fiduciary net assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term.	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included.	All assets and liabilities, both financial and capital, and short-term and long-term.	All assets and liabilities, both short-term and long-term.
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses, regardless of when cash is received or paid.	All revenues and expenses during year, regardless of when cash is received or paid.

## Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health, or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of the District's facilities.

The government-wide financial statements of the District are divided into two categories:

- *Governmental activities* – most of the District's basic services are included here, such as instruction, administration, and plant operations. Property taxes and state and federal grants finance most of these activities.
- *Business-type activities* – the District charges fees to customers to help it cover the costs of certain services it provides. The District's food service, summer center stage/recreation, performing arts, and latchkey are included here.

## Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds* – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement that explains the relationship (or differences) between them.

- *Proprietary funds* – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. In fact, the District’s *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Fiduciary funds* – The District is the trustee, or *fiduciary*, for its employees’ unemployment compensation plan. It is also responsible for other assets that - because of a trust arrangement – can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District’s fiduciary activities are reported in separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the District’s government-wide financial statements because the District cannot use these assets to finance its operations.

## FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

**Net assets.** The District’s governmental activities net assets decreased between fiscal years 2010 and 2009 as a result of an overall increase in salaries, tuition, and health benefits. The business-type activities net assets increased due to a decrease in salaries and other expenses to operate the programs. The financial condition of the District, excluding depreciation expense, improved during the 2010 fiscal year.

<b>Total net assets</b>	<b>\$22,192,648</b>	<b>20,601</b>	<b>22,213,249</b>	<b>23,247,621</b>	<b>28,728</b>	<b>23,276,349</b>

Net assets of the district decreased due to continued depreciation taken on the district's property and equipment. In addition, the City of Margate took over the recreation department in October 2009 which resulted in a significant decrease in the business-type activities.

As required by New Jersey Statutes, the unrestricted net assets of the District are not permitted to exceed 2% of total general fund expenditures, after reductions for On-behalf TPAF pension and social security and assets acquired under capital leases. Any excess must be appropriated as budgeted fund balance in the subsequent years' budget. As of June 30, 2010, the District did have \$722,148 in excess fund balance, of which \$175,056 has been appropriated and included as anticipated revenue in the 2011 fiscal year budget.

**Changes in net assets.** The total revenue of the District decreased \$187,648 due to decreases in unrestricted state aid. This decrease was offset by an increase in other miscellaneous revenue as a result of the sale of solar renewal energy credits (SRECS). Also, the local tax levy, tuition, and reimbursed TPAF social security contributions remained consistent with the prior year.

Approximately 5.44% of the District's revenue comes from the State of New Jersey in the form of nonrestricted state aid. After the 2010 fiscal year budget was adopted, the District was notified that their State aid was decreased by \$249,255. This aid is based on the District's enrollment as well as other factors such as growth in the City. The City of Margate levies property taxes on properties located in the city. This tax is remitted to the District on a monthly basis. The District expenses are primarily related to instruction, administration, and plant operations.

## **Business-type Activities**

Revenues of the District's business-type activities decreased 59.06% to \$307,592 as a result of the City taking over the recreation department in October 2009. Expenses also decreased due to the City taking over the recreation department.

## **FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As of the year end, the governmental funds reported a combined fund balance of \$1,640,329 which is \$850,795 lower than the beginning of the year. This decrease is due mainly to the decrease in state aid awarded to the district during the fiscal year, as well as significant increases in maintenance and health benefit costs. Also, the District continues to monitor spending on an ongoing basis to ensure actual expenditures stay within the budget.

The District did not enter into any debt obligations during the fiscal year. Any projects or debt is approved by the City of Margate and would be a direct obligation of the City.

## **General Fund Budgetary Highlights**

As further explained in the Footnotes to the Financial Statements, annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the County office and, as a Type I School District, are approved by the Board of School Estimate. Transfers of appropriations may be made by Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the board and under certain circumstances require approval by the County Superintendent of Schools. The District is permitted to encumber funds throughout the year for purchases ordered but not yet received. Any open encumbrances as of June 30<sup>th</sup> carry over to the next fiscal year and are added to the appropriation reflected in the certified budget.

After adjusting total revenue reported on Exhibit C-1 for the Reimbursed TPAF Social Security Contribution and On-behalf TPAF Contribution, which are not budgeted, the District's actual revenue was under the budget by \$80,197. This is a result of the decrease in state aid in the amount of \$249,255. This decrease was offset by an increase in miscellaneous revenue from the sale of solar renewal energy credits in the amount of \$145,878. Again, after adjusting for the Reimbursed TPAF Social Security Contribution and On-behalf TPAF Contribution, actual expenditures were below the budgeted appropriations by \$1,039,095. This is the result of good controls over spending throughout the year. Audit exhibit C-1 does not include current year depreciation expense.

## CAPITAL ASSET AND DEBT ADMINISTRATION

### Capital Assets

During the 2010 fiscal year, the District did not invest in any significant capital assets or projects. The 19.25% decrease is mainly due to the closing of the Union Avenue Elementary School as of June 30, 2010, which is now classified as an impaired asset, as defined by Governmental Accounting Standards Board Statement 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries", on the District's Statement of Net Assets, in addition to depreciation on the various property and equipment owned by the district.

<b>Total</b>	<b>17,878,968</b>	<b>0</b>	<b>17,878,968</b>	<b>22,140,761</b>	<b>0</b>	<b>22,140,761</b>

More detailed information about the District's capital assets is presented in Note 4 to the financial statements.

### Long-term Debt

New Jersey State Statutes governing Type I School Districts require the bonded debt be assumed by the City and provision for amortization of principal and interest on the outstanding debt is included in the City budget.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District budget for the 2011 fiscal year includes very little expansion for equipment acquisitions. Also, appropriations budgeted are decreased 8.29% due to the loss of State Aid and the closing of the Union Avenue Elementary School.

## CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to present users (residents, receiving districts, and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, contact the District's business administrator at 8103 Winchester Avenue, Margate City, New Jersey 08402.

**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
**For the Year Ended June 30, 2010**

**Total net change in fund balances - governmental funds (from B-2)** (\$850,795)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which depreciation exceeded capital outlays in the period.

	Depreciation expense	(1,246,171)	
	Capital outlays	<u>63,937</u>	(1,182,234)

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Margate School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of appointed officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the City of Margate School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. Although the District has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the District has chosen not to do so. The more significant accounting policies established in GAAP and used by the District are discussed below.

**A. REPORTING ENTITY:**

The City of Margate School District is a Type I district located in the County of Atlantic, State of New Jersey. As a Type I district, the Board of Education members are appointed by the Mayor. The Board is comprised of seven members appointed to three-year terms. The purpose of the district is to educate students in grades K-8. The City of Margate School District had an approximate enrollment at June 30, 2010 of 567 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units but, as a Type I School District, would be considered a component unit of the City of Margate. The City however reports on a statutory basis of accounting which does not recognize component units. If the City followed generally accepted accounting principles (GAAP) reporting, the Board of Education would be a component unit of the City of Margate.

**B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS:**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general and special revenue activities are classified as governmental activities. The District's food service, summer center stage/recreation, performing arts, and latchkey program are classified as business-type activities.

In the governmental-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net assets are reported in three parts-invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service, community services, and latchkey). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

- a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net assets resulting from the current year's activities.

**C. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

The following fund types are used by the District:

**1. Governmental Funds:**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. **Special revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose.

**2. Proprietary Funds:**

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

- a. **Enterprise funds** are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District's enterprise fund consists of the following:

Food Service Fund – provides for the operation of food services in all schools within the district.

Community Service Programs – provides latchkey, recreation, and performing arts programs to the district residents on a fee basis.

**3. Fiduciary Funds:**

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASBS No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments), private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

**D. BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

**1. Accrual:**

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**2. Modified Accrual:**

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

**E. FINANCIAL STATEMENT AMOUNTS**

**1. Cash and Cash Equivalents:**

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

Protection Act (“GUDPA”). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

**2. Investments:**

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate).

**3. Inventories:**

Inventories in the general fund consist of expendable supplies held for the District’s use and are carried at cost using the first-in, first-out method. Inventories in the enterprise fund are valued at cost, which approximates market, using the first-in, first –out method. As of June 30, 2010, the District did not have inventory in the general fund and had the following inventory in the enterprise fund:

Supplies	1,269
	<u>1,269</u>
	\$ <u>1,269</u>

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

**4. Capital Assets:**

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and equipment	5-10 years
Improvements	10-20 years

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**5. Revenues:**

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non operating revenue based on GASBS No. 33. In applying GASBS No. 33 to grant revenues, the provider recognizes liabilities and expenses and recipient recognizes receivables and revenue when the applicable eligibility requirements, including requirements are met are reported as advances by the provider and deferred revenue by the recipient.

**6. Expenditures:**

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

**7. Compensated absences:**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

**8. Interfund Activity:**

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**9. Budgets/Budgetary Control:**

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the county office for approval and are approved by the board of school estimates. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2.2(f). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the Executive County Superintendent of Schools. The Board of Education approved the following material budgetary appropriation transfers during the 2010 fiscal year:

Salaries of Teachers Gr 1-5	\$	(173,887)
Salaries of Teachers Gr 6-8		84,796
Basic Skills – Salaries		(21,000)
Tuition-County Special Services		38,549

Equipment Grades 1-5		18,805
Equipment Grades 6-8		30,088
Capital Outlay Instructional Staff		(48,893)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

**10. Encumbrances:**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**11. Tuition Receivable**

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined. As a result of the change in the timing of the tuition adjustments, the amount due from the Atlantic City School District is \$689,858 for the 2007/08 and 2008/09 fiscal years. The fiscal year 2011 tuition contract has been adjusted for this amount.

**12. Tuition Payable**

Tuition charges for the fiscal years 2009/10 and 2008/09 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined. As a result of the change in the timing of the tuition adjustments, the amount due to the Borough of Longport Board of Education is \$32,775 for the 2007/08 and 2008/09 fiscal years. The fiscal year 2011 tuition contract has been adjusted for this amount.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**13. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

**F. RECENT ACCOUNTING PRONOUNCEMENTS**

In February 2009, the Governmental Accounting Standards Board (GASB) adopted Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". This statement will become effective for fiscal periods beginning after June 15, 2010. The effective date for the District is the fiscal year beginning July 1, 2010. The objective of the statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications and clarifying the existing fund balance type definitions.

**NOTE 2. INVESTMENTS**

As of June 30, 2010, the District had no investments.

**Interest Rate Risk.** The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

**Credit Risk.** New Jersey Statutes 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

**Concentration of Credit Risk.** The District places no limit on the amount the District may invest in any one issuer.

**NOTE 3. CASH**

**Custodial Credit Risk – Deposits.** Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the new Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2010, \$0 of the District's bank balance of \$1,441,007 was exposed to custodial credit risk.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

Prior to June 30, 2010, the Board of Education approved the closing of the Union Avenue Elementary School upon completion of the 2009/2010 school year. The closing was primarily due to a decrease in State Aid in the amount of \$931,183. In addition, there has been a decline in student enrollment over the past several years. At the current time, it is the intent of the District to re-purpose the building and rent it to outside organizations. It is possible that the building could be sold in the future if it is determined to be economically feasible. The closing of this building has been approved by the State of New Jersey, Department of Education. It has been determined that the closing of this building is consistent with the District's long-range facility plan and there is sufficient capacity in the remaining two schools to house all students within the District.

Depreciation expense charged to governmental functions is as follows:

Regular instruction	\$	397,867
Special education		44,171
Other special instruction		21,948
Other instruction		10,321
Student & instruction related services		462,183
School administrative expenses		25,632
General administration		53,372
Central services		16,173
Administration Info Technology		1,555
Transportation		36,307
Plant operations and maintenance		176,642
	\$	<u>1,246,171</u>

**NOTE 5. GENERAL LONG-TERM DEBT**

Long-term liability activity for the year ended June 30, 2010 was as follows:

	<u>Beginning</u> <u>Balance</u>	<u>Issued</u>	<u>Reductions</u>	<u>Ending</u> <u>Balance</u>	<u>Amounts</u> <u>Dues within</u> <u>One Year</u>
<b>Governmental Activities:</b>

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**Bonds Payable** – The City of Margate School District is a Type I School District. In the State of New Jersey, all Type I school debt is borne by the municipality rather than the school district.

**NOTE 6. OPERATING LEASES**

Effective May 1, 2006, the District is leasing various Xerox copy machines for the schools and administrative office. The lease term is for five years. The monthly payment on each machine ranges from \$853 to \$1,012 per month. Total rental expense for the 2010 fiscal year was \$43,860.

The following is minimum lease payments due on an annual basis:

Year ending June 30,	<b><u>Amount</u></b>
2011	37,530
2012	0
2013	0
2014	0
Total future minimum lease payments	\$ <u>37,530</u>

**NOTE 7. PENSION PLANS**

**Description of Plans**

All required employees of the District are covered by either the Public Employees' Retirement System or the Teacher's Pension and Annuity Fund cost-sharing multiple-employer defined benefit pension plans which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at [http://www.state.nj.us/treasury/pensions/annrpts\\_archive.htm](http://www.state.nj.us/treasury/pensions/annrpts_archive.htm).

**Teachers' Pension and Annuity Fund**

The Teachers' Pension and Annuity Fund was established in January, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**Public Employees' Retirement System**

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

**Funding Policy**

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 5.5% and the PERS rate is 5.5% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2010, 2009, and 2008 were \$307,471, \$301,633, and \$382,662, respectively, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The School District's contributions to PERS for the years ending June 30, 2010, 2009, and 2008 were \$83,934, \$62,441, and \$44,692 respectively, equal to the required contributions for each year.

During the fiscal years ended June 30, 2010, 2009 and 2008, the State of New Jersey contributed \$307,471, \$301,633, and \$689,948 respectively, to the TPAF for post-retirement medical benefits on behalf of the Board. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the Board \$373,259, \$352,036, and \$328,662 during the same fiscal years for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts, which are not required to be budgeted, have been included in the financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance in GASB 27.

**NOTE 8. LABOR CONTRACTS**

As of June 30, 2010, the District's employees are organized in two collective bargaining units. The contracts with the Education Association and the Administrators Association expire June 30, 2011. In addition, the District has a separate contract with the Business Administrator that is renewed annually. The contract with the Superintendent will expire June 30, 2012.

**NOTE 9. POST-RETIREMENT BENEFITS**

P.L. 1987, c. 384 and P.L. 1990, c. 6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c. 103 amended the law to eliminate the funding of post-retirement medical

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c. 62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 192, Chapter 126, which provides for free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in Fiscal Year 2009.

**NOTE 10. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after fifteen years of service.

In the district-wide *Statement of Net Assets*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

**NOTE 11. DEFERRED COMPENSATION**

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning, Inc.  
Equitable  
Met Life

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**NOTE 12. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** - The District maintains commercial insurance coverage for property, liability and surety bonds. During the fiscal year ended June 30, 2010 the District did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

**New Jersey Unemployment Compensation Insurance** – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust fund for benefits paid to its former employees and charged to its account with the State. This District is billed quarterly for amounts due to the State. The following table is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District’s expendable trust fund for the current and previous two years:

Fiscal Year	Interest Earned	Employee Contributions	Amount Reimbursed	Ending Balance
2009-2010	\$ 1,439	9,246	19,669	89,926
2008-2009	\$ 1,424	8,937	613	98,910
2007-2008	\$ 2,430	8,260	492	89,162

**NOTE 13. INTERFUND RECEIVABLES AND PAYABLES**

The following interfund balances remained on the balance sheet at June 30, 2010:

Fund	Interfund Receivable	Interfund Payable
Governmental Funds:		
General	\$ 252,238	
Special Revenue		252,238
Totals	\$ 252,238	252,238

Interfunds are created as a result of timing differences between cash requirements in various funds and the receipt of cash from funding agencies. During the 2010 fiscal year, the general fund made a permanent interfund transfer to the enterprise fund to partially cover accumulated deficits in the District food service program. It is anticipated that all interfunds will be liquidated during the fiscal year.

**City of Margate Board of Education  
 (A Component Unit of the City of Margate)  
 Notes to Financial Statements  
 June 30, 2010**

**NOTE 14. ECONOMIC DEPENDENCY**

The District is heavily reliant on local property taxation through the City of Margate and State Aid to fund the District’s operations. Property taxes and state aid funded 92% of the District 2009-2010 governmental operations.

**NOTE 15. CAPITAL RESERVE FUND**

A capital reserve account was established by the School District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The District has not funded their capital reserve fund. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district’s approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may deposit funds into the capital reserve at any time upon board resolution through the transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

**NOTE 16. EMERGENCY RESERVE FUND**

New Jersey Statute 18A:7F-41(c) permits school districts to establish a current expense emergency reserve in the general fund with deposits made to the account with voter approval, beginning in the fiscal year 2008 budget process, or at year end by board resolution. This reserve account is to be used to finance future unanticipated (reasonably unforeseeable) general fund expenditures required for a thorough and efficient education. The emergency reserve balance cannot exceed \$250,000 or one percent of the district’s general fund budget (which amounts to \$118,716 for the 2010 fiscal year) up to a maximum of \$1 million, whichever is greater. Withdrawals require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in health costs greater than four percent.

The activity in the emergency reserve for the 2010 fiscal year is as follows:

Beginning balance, July 1, 2009	\$ 250,000
Increases	0
Withdrawals	0
Ending balance, June 30, 2010	<u>\$ 250,000</u>

The District has included the above balance in their 2010-2011 fiscal year budget as anticipated revenue.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

**NOTE 17. MAINTENANCE RESERVE FUND**

New Jersey Statute 18A:7G-9 permits school districts to establish a maintenance reserve account for the required maintenance of the District’s facilities, in accordance with the Commissioner approved plan. The District can only increase the balance in this reserve account by appropriating funds in the annual general fund budget certified for taxes.

The activity in the maintenance reserve fund for the 2010 fiscal year is as follows:

Beginning balance, July 1, 2009	\$	25,000
Increases		0
Withdrawals		0
Ending balance, June 30, 2010	\$	<u>25,000</u>

The District has included the above balance in their 2010-2011 fiscal year budget as anticipated revenue.

**NOTE 18. FUND BALANCE APPROPRIATED**

**General Fund** - Of the \$1,710,712 General Fund fund balance at June 30, 2010, \$7,392 is reserved for encumbrances; \$722,148 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7 (\$175,056 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2011); \$727,856 has been appropriated and also included as anticipated revenue for the year ending June 30, 2010 (\$275,000 of the total appropriated represents the prior reserve for Maintenance and Current Expense Emergency fund); and \$253,316 is unreserved and undesignated.

**NOTE 19. CALCULATION OF EXCESS SURPLUS**

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years’ budget. The excess fund balance at June 30, 2010 is \$722,148, of which \$175,056 has been included in the 2010-11 budget. The excess fund balance at June 30, 2009 was \$1,393,053. Pursuant to the provisions of Executive Order No. 14, \$0 of that amount was approved by the Commissioner of the Department of Education for withdrawal to address any budget shortfall in the general fund account group due to the 2009-10 withholding of state aid.

**NOTE 20. LITIGATION**

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District’s management, the outcome of any legal proceedings will not have any adverse affect on the accompanying financial statements.

**City of Margate Board of Education**  
**(A Component Unit of the City of Margate)**  
**Notes to Financial Statements**  
**June 30, 2010**

In December 2009, the District was notified by the Atlantic City Board of Education of its intent to bill the District \$175,000 as a reimbursement for the cost of a settlement against Atlantic City concerning the evaluation and development of a program for a special education student. The student is a resident of the City of Margate. The District has filed a petition of appeal with the Commissioner of Education and intends to vigorously defend the counterclaim.

As of June 30, 2009 a petition against the District had been filed with the NJ Department of Education seeking, among other things, reimbursement for the costs allegedly paid by a special education student's family for a residential placement in which the student was unilaterally enrolled by the family. Although the District vigorously defended this petition it was determined that the District is responsible for the tuition payments to educate this child.

**NOTE 21. SOLAR PHOTOVOLTAIC PANEL PROJECT**

During the 2010 fiscal year, the District authorized the sale of approximately 515 solar renewal energy credits (SREC) that were earned through the use of the solar photovoltaic panels. As a result of the sale, the District earned \$349,428 of which \$203,550 was received prior to June 30, 2010. The remaining balance of \$145,878 has been realized as revenue, and a receivable established, as of June 30, 2010. Credits are earned during the fiscal year that operates from June 1 to May 31. During the month of June 2010, credits may have been earned that would be available for sale during the 2011 fiscal year. Due to market fluctuations and the possibility these credits will no longer be available for sale as of May 31, 2011, a receivable has not been established as of June 30, 2010.

**NOTE 22. SUBSEQUENT EVENTS**

The District has evaluated subsequent events through October 26, 2010, the date which the financial statements were available to be issued and no items, except as indicated below, were noted for disclosure.

Subsequent to June 30, 2010 the Margate City School District identified mold contamination at the Union Avenue Elementary School. As indicated in Note 4 above, this school was closed as of June 30, 2010. As of the date of this audit report, a significant amount of the mold has been cleaned up by the District's maintenance contractor. The District is currently obtaining reports to determine the cause, as well as the extent, of the contamination. At the present time, any additional costs for clean up or repairs is not known.

 Required Supplementary Information  
 Budgetary Comparison Schedule  
 Note to Required Supplementary Information  
 For the Fiscal Year Ended June 30, 2010

***Note A - Explanation of Difference between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures***

		General Fund	Special Revenue
<b>Sources/inflows of resources</b>			
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	C-1; C-2	\$12,472,104	338,315
Difference - budget to GAAP:			
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized			
Prior Year			0
Current Year			0
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.			
		81,307	0
State aid payments recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.			
		(70,383)	
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	B-2	12,483,028	338,315
Uses/outflows of resources			
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	C-1; C-2	13,262,836	338,315
Differences - budget to GAAP			
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes			
Prior Year			0
Current Year			0
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	B-2	\$13,262,836	338,315

(A) - effective with the June 2010 sale, the District changed their method of treating the sale of the solar renewal energy credits. Previous to this sale, it was the policy of the District to refund the budget appropriation line item for the amount of revenue received. It is now the policy of the District to treat the funds received as revenue.

**Note:** NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy, when added to other components of the district's net budget, may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

- a** The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.
- b** Rates for debt service are based on each year's requirements.

**Note:** Details regarding the district's outstanding debt can be found in the notes to the financial statements.

**a** See Exhibit NJ J-6 for property tax data.

**b** Population data can be found in Exhibit NJ J-14.

The City of Margate School District is a Type I District. As a result, debt related to the District is an obligation of the City of Margate.

**CITY OF MARGATE SCHOOL DISTRICT**  
**Ratios of Overlapping Governmental Activities Debt**  
**As of June 30, 2010**  
**Unaudited**

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable<sup>a</sup></u>	<u>Estimated Share of Overlapping Debt</u>
<b>Debt repaid with property taxes</b>			
City of Margate	43,185,676	100.00%	43,185,676
Atlantic County	118,639,000	7.42%	8,802,870
<b>Other debt</b>			
None			
Subtotal, overlapping debt			<u>51,988,546</u>
<b>City of Margate School District debt</b>	13,035,000	100.00%	<u>13,035,000</u>
<b>Total direct and overlapping debt</b>			<u><u>\$65,023,546</u></u>

**Sources:** City of Margate Finance Officer and Atlantic County Finance Office

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Margate. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

The City of Margate School District is a Type I District. As a result, debt related to the District is an obligation of the City of Margate.

- a** For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Honorable President and  
Members of the Board of Education  
City of Margate School District  
County of Atlantic, New Jersey

We have audited the financial statements of the Board of Education of the City of Margate School District, in the County of Atlantic, State of New Jersey, as of and for the fiscal year ended June 30, 2010, and have issued our report thereon dated October 26, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Margate Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Margate Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Margate Board of Education's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Margate Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

This report is intended solely for the information and use of the audit committee, management, the City of Margate Board of Education, the New Jersey State Department of Education and other state and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance With Requirements That Could Have a Direct  
and Material Effect on Each Major Program and on Internal Control  
Over Compliance in Accordance with New Jersey Circular OMB 04-04**

**Independent Auditor's Report**

Honorable President and  
Members of the Board of Education  
City of Margate School District  
County of Atlantic, New Jersey

**Compliance**

We have audited the City of Margate Board of Education's compliance with the types of compliance requirements described in the *New Jersey State Grants Compliance Supplement* that could have a direct and material effect on each of the City of Margate Board of Education's major state programs for the year ended June 30, 2010. The City of Margate Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major state programs is the responsibility of the City of Margate Board of Education's management. Our responsibility is to express an opinion on the City of Margate Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and New Jersey OMB 04-04, *New Jersey State Grants Compliance Supplement*. Those standards and New Jersey OMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of Margate Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Margate Board of Education's compliance with those requirements.

In our opinion, the City of Margate Board of Education complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2010.

## Internal Control Over Compliance

Management of the City of Margate Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to state programs. In planning and performing our audit, we considered the City of Margate Board of Education's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on compliance in accordance with New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information of the audit committee, management, Board of Education, the New Jersey State Department of Education (cognizant audit agency) and other state and federal awarding agencies and is not intended to be, and should not be, used by anyone other than these specified parties.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

**City of Margate Board of Education  
(A Component Unit of the City of Margate)  
Notes to the Schedules of Financial Assistance  
June 30, 2010**

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, City of Margate School District. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and NJ OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with NJSA 18A:22-44.2.

The net adjustment to reconcile from budgetary basis to GAAP basis is \$10,924 for the general fund and \$0 for the special revenue fund. See the following schedule and Note 1(D) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general,
